

# RABIES

## VACCINATE

Keep your pets rabies vaccinations up-to-date.

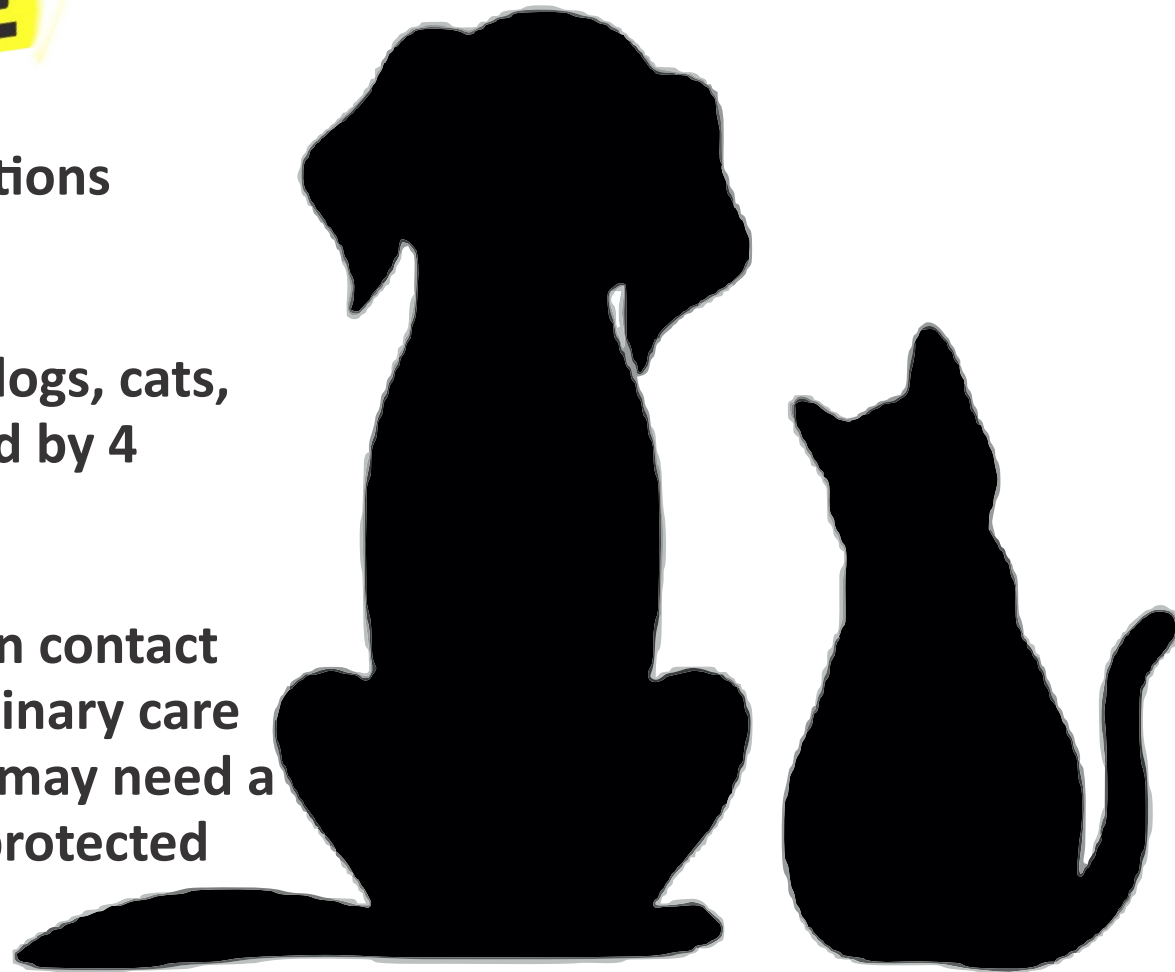

NC law requires all domestic dogs, cats, and ferrets must be vaccinated by 4 months of age.

If your vaccinated pet comes in contact with a wild animal, seek veterinary care as soon as possible. Your pet may need a rabies booster to keep them protected from the rabies virus.

If you see stray dogs, cats, or wildlife in your neighborhood call Davidson County Animal Control: 336-249-0131.
